

Ten top beasties to spot

Swan

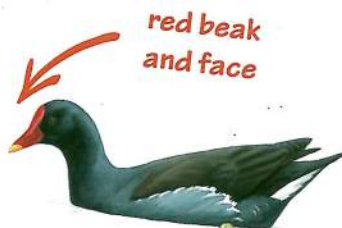

very big and very white!

Coot

white beak and face

Moorhen

red beak and face

Heron

long neck, long legs and a long, stabby beak!

Roe Deer

very shy - but you might spot one at dawn or dusk

Dragonfly

come in lots of different colours

Butterfly

how many different types can you spot?

Frog

look out for frogspawn in spring

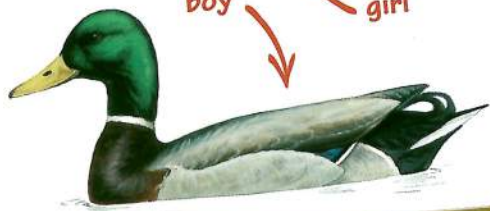

Mallard

our most common duck

boy

girl

Starling

in winter look for huge flocks called murmurations
