

# Missions for budding bioblitzers...

**Mission 1** : Can you find any of these super-plants for bees, bugs and butterflies? If you do, just put a tick in the box below the picture.

*Don't pick or touch them as they may sting or prickle!*

White Clover

Self Heal

Thistle

Teasel

Bramble

Nettle

Did you find any other interesting plants? Use the other side of this mission sheet to draw what you found.
